Nemeth Update to Rule IV §26

Use of the English Letter Indicator

Approved August 2014

The BANA Mathematics Braille Technical Committee recommended and the BANA Board approved the following clarification to **Rule IV §26** in August 2014. This change is effective immediately.

The committee has ruled that in uncontracted braille, the English Letter Indicator is used or not used according to the rules of the Nemeth Code. Insert the phrase "in contracted and/or uncontracted braille" to the existing language on page 29 in the Nemeth Code book.

The complete updated **Rule IV §26** is as follows:

Rule IV—Alphabets

§26. Use of the English-Letter Indicator: Each of the following rules applies in contracted and/or uncontracted braille, subject to the conditions of **§27**.
